(Revised December 18, 2009)

United Kennel Club holds and has reserved to itself certain inherent rights and powers in connection with conducting its business, registering litters, transferring registrations of dogs, licensing events, and awarding titles. These inherent rights and powers include but are not limited to the following: United Kennel Club has the right to inspect all reports, scorecards and documents related to UKC events. Some, but not all, of the items subject to inspection are:

- a) scores;
- b) disqualifications of dogs for fighting or other reasons;
- c) errors by the recording person; and
- d) documentation excluded for any reason.

UKC reserves the right to correct any mistakes found during such inspection whether or not the document has the signature of a Judge or Club Officer. UKC reserves the right to itself and in its sole judgement and discretion, to take such actions and impose such sanctions as would:

- a) Bar an individual from entering or participating in any way in any UKC licensed event.
- b) Bar an individual from transferring or registering any pups or dogs in that person's name (joint or full registration) or to any member of that person's family.
- c) Bar an individual from receiving Championship points for any dog registered in that person's name (joint or full registration).

By way of illustration, the following constitute some, but not all, of the situations calling for the above sanctions:

- a) Falsification or alteration of a UKC Registration Certificate, Pedigree, UKC Easy Entry™ Card or any other UKC document.
- b) Falsification or alteration of any reports of wins issued to UKC
- c) Falsification or alteration of receipts issued by UKC Judges.
- d) Switching, wrongfully using or attempting to use a UKC Registration Certificate, Pedigree, UKC Easy Entry™ Card or any other UKC document.
- e) Selling or attempting to sell a dog with false or incorrect UKC Registration Certificate or Pedigree.
- f) Intimidating, threatening, or injuring a Judge, Club/Association member or official, event participant or spectator, or UKC representative.

The six illustrations given above are only by way of example and UKC reserves to itself its inherent right and power to impose such sanctions in any other circumstances deemed appropriate by UKC.

Any individual who is found guilty by a court of law of a crime involving dogs will be barred from United Kennel Club for an indefinite period. A person shall be considered guilty in a criminal proceeding if they are convicted by a judge, jury, or if they enter a plea bargain or other arrangement to plea to a lesser offense, or if their case is disposed of by any form of deferred adjudication; a person shall be considered guilty in a civil proceeding if they are held responsible or liable by a judge, jury, or if a compromised settlement is reached between the parties.

OVERVIEW OF THE UKC ELITE SHED DOG SERIES

- A. The goal of the UKC Elite Shed Dog Series is two-fold. First is the improvement of dogs used for the purpose of recovering shed antlers by the recognition of individual dogs of outstanding merit.
- B. Second is to provide individuals a family friendly environment in which to enjoy participating in an activity that promotes a healthy lifestyle for all individuals and their dogs.
- C. The Structure of the UKC Elite Shed Dog Series rules is specifically devised to aid in the identification, selection and classification of dogs that hunt in an appropriate style effective for the recovery of shed deer antlers.

ENTRY REQUIREMENTS - DOGS AND INDIVIDUALS

1. Dogs must be Permanently Registered, Performance Listed (PL), or Temporary Listed (TL) with United Kennel Club with the exception noted above for those dogs which have not completed the registration process.

4. Unhealthy dogs and dogs with a contagious disease are not permitted to enter, participate or be on the grounds at Elite Shed Dog Series events.
5. Dogs shall not be disqualified from participation in Elite Shed Dog Series events for breed specific disqualifications as specified in the UKC breed standards.
6. Bitches in season are eligible to enter and run. Estrous condition must be disclosed to Judge and host/club. Bitches in season will be the last to run on a course and never be allowed to run on a separate course. Bitches in season will not be allowed to be aired out or walked near a course, holding blind or starting line. Every attempt must be made by owners/handlers and host/club to prevent bitches in season from distracting other dogs at the event. Failure to cooperate as determined by the Judge or host/club could result in a disqualification of the dog and competitor.
7. Host/club shall have the option to prohibit bitches in season from competing but shall also indicate such prohibition in all event advertising. Host/club shall refund 100% of entry fee for dogs that are scratched because they have come in season. A competitor must make the host/club aware of the fact that his/her bitch is in season at the earliest opportunity. Failure to do so will result in the dog and handler being disqualified.
8. No entry shall be accepted for any person who is not in good standing with United Kennel Club. Persons who have been suspended or barred shall not be eligible to enter or handle a dog at an Elite Shed Dog Series event.
9. Host/club has right to refuse entry to any dog or handler. However, no handler shall be refused on the basis of religion, race, color, national origin, age or sex.
10. If an entry fee is paid and funds are found not sufficient, the competitor will not be allowed to enter any Elite Shed Dog Series event until funds have been paid in full to host of said event. Points earned at the event in question will be held up for the dog(s) in question until the situation is resolved.
11. A dog may be entered in the Champion Class without having first earned the Working Shed Dog (WSD) title. A dog that has been entered in the Champion Class, but without any Champion Class placements, may revert back to the Working Shed Dog Class to work towards the WSD title.

10. Host/club may set an overall entry limit, entry limit per class and entry limit per handler.

- C. Course boundaries must be well marked with tape, flags or flagging of a highly visible color.
- D. Each course shall have five (5) sheds planted in six (6) approximate zones (front, middle, back and right/left in each) which are unmarked. The plant locations to be determined by the random drawing of a plant card by the handler immediately prior to their run. Handler will not be made aware of plant. Dog and handler to be completely confined to a holding blind during the plant.
- E. As many as 3 (three) sheds may be partially covered with grass, leaves, snow or a naturally occurring water source for the Elite class only. An artificial water source may not be used.

GENERAL EVENT INFORMATION

1. Elite Shed Dog Series requires all competitors, Judges, Judge's assistants and spectators on the course to sign a liability and promotional release prior to their participation in any Elite Shed Dogs Series competition.
2. No person handling a dog in the event shall be permitted to be on the course or in the gallery until their run(s) on that course have been completed. Judge's assistants shall have the course planted by someone else before being permitted to run.
3. It is the competitor's responsibility to know the course outline and boundaries before leaving the starting gate. Under no circumstances will a rerun be granted because of lack of knowledge of the course and boundaries.
4. No competitor shall be allowed to walk the course before they run the event. Upon request Judges will provide to each competitor a description of the course.
5. Where necessary due to terrain and course design, a holding blind(s) must be utilized to prevent a handler and dog from seeing the planting of the course for their run.
6. A handler may be disqualified for the following reasons. When a disqualification is determined, a competitor will forfeit all points earned for that event.
 - a. Poor sportsmanship
 - b. Mistreating a dog on event grounds
 - c. Unsafe or reckless acts
 - d. Use of drugs or alcohol during the event
 - e. Failure to adhere to instructions host/club or event ground rules
 - f. Behaving in a manner contrary to the best interests of United Kennel Club, the Elite Shed Dog Series or any persons attending the event.
7. Competitors must keep their dogs on a leash at all times in and around the staging area, headquarters, and holding blinds. Dogs may be aired or exercised away from these areas. Competitors are liable for the actions of their dogs and indemnify Elite Shed Dog Series and host/club for any action of their dog or injury caused thereby. If a dog entered in any event attacks another dog or person, the offending dog must be reported to United Kennel Club by the host/club of the event at the same time the event report is submitted to UKC. Host/club shall have the option of banning any dog that has been reported to Elite Shed Dog Series as having attacked another dog or person. A dog defending itself from an attack by another dog shall not be reported. If it is unclear which dog started or instigated the attack both dogs should be reported. Any dog being reported for aggressive behavior three (3) times during any two (2) year period will be barred from entering any UKC licensed event.
8. Entry fees are forfeited and non-refundable if a dog or handler is disqualified.
9. Should a competitor have a question with a Judge's decision while on the course, he or she shall leash their dog and ask the Judge to stop the clock to review the call. If after discussing with the Judge the handler wishes to file a formal complaint, it shall be noted on the scoresheet. If not a disqualifying situation, the run will be continued. The Judge will then bring the formal complaint to the attention of the host/club for a final ruling. At the completion of the runs on that course, the host/club will assemble a formal complaint committee made up of three qualified, unbiased individuals to hear the complaint in the presence of the complainant and the Judge only. The decision of the formal complaint committee is final.
10. The accuracy of the information on a scoresheet is the responsibility of the owner or handler. Score sheets must be completely filled out and signed by each handler. Signed scoresheets are final with the exception of a mathematical error.
11. Once the clock has been started on a run, the clock may only be stopped at the discretion of the Judge.
12. In the event of a tie, a tiebreaker will be held. There will be a one shed run off with an appropriately-sized shed placed 30-50 yards out in front of the starting line visible to both competitor and dog. The clock will be started once the dog is released. The fastest dog back to the starting line with a credited retrieve for that class wins the tiebreaker. Dogs are to be run one at a time.
13. If a dog interferes with another dog on the course, the Judge shall stop the clock. The handler must leash their dog. If the interfering dog finds or identifies the location of a shed, a rerun is required. If it is determined by the Judge that the interference did not affect the run, the clock will be started and the run will continue.
14. A rerun may be awarded for various reasons including weather, course obstructions or anything deemed inconsistent in scoring. A competitor that has been injured during a run may not be replaced during the run but may be replaced

on subsequent runs by an eligible back-up handler. An alternate shed plant will be necessary if that handler has already run the course.

15. There is to be a handler's meeting before every event. This meeting will explain course boundaries, starting gates, holding blind and on-deck procedures, as well as grounds and event rules. It will also include the order in which classes will be run and the running order for each class.
16. A test dog may be used to verify the fairness of the course but is not required. In the event a test dog is not utilized, the course will be reset if failed by the first three dogs running in a class and those dogs issued a rerun.
17. Rules and regulations may be amended by United Kennel Club as deemed necessary.

RUNNING RULES THAT APPLY TO ALL CLASSES

1. Competitors will start at a designated starting gate. The dog shall remain steady (sit or stand) off leash until released (does not apply to Working Class). Once the dog is verbally released the competitor's time shall start. Time will stop when the final shed is satisfactorily delivered in accordance with the class rules. Time will automatically stop at 15 minutes in both classes.
2. A dog deemed unruly at a starting gate will be given a warning. If the dog cannot be brought under control and remain steady at the gate until released it will result in a disqualification.
3. There will be no running on the course. One warning will be issued. Second offense will result in a disqualification.
4. Dogs may wear a GPS collar, e-collar, beeper or bell. Judge will have control of the hand-held device. If hand-held device is requested by handler before the completion of the run the dog will be disqualified on that course.
5. Dogs may be cast in a general direction to hunt but may not be handled to a shed.
6. In the event of a handler find, the handler may position themselves no closer than 15 feet from the shed in any direction. Handler may consult Judge to determine distance is adequate.
7. Judges shall attempt to verbally indicate to handler each find. A find is considered to be that point where the dog first makes physical contact with a shed. Once the Judge indicates a find, the handler must stop.
8. Judges shall attempt to verbally indicate to handler the successful completion of each retrieve. A handler may use as much time as they wish encouraging a successful retrieve.
9. A competitor may kneel down but may not lay down to receive a shed from the dog.
10. A handler may not physically assist (ear pinch, grab collar, etc.) the dog during the retrieve.
11. All retrieves must satisfy class requirements for the full retrieve credit.
12. Cell Phones and GPS devices may not be used on the course. Any person caught using a cell phone or GPS device for unethical purposes will be dealt with under the Inherent Rights and Powers and the misconduct guidelines of UKC. Violations may result in suspension.
13. No competitor will be allowed to solicit any information about the course or shed locations until their runs have been completed on that course.
